1. Overview

- Employee will submit timesheet using Manage My Timesheet App.
- Timesheet after submission will go to Project Manager for further Approval/Rejection.

1.1. Prerequisites

- Employees with their Work Agreement should available.
- Employees have Project Allocation for Timesheet submission.

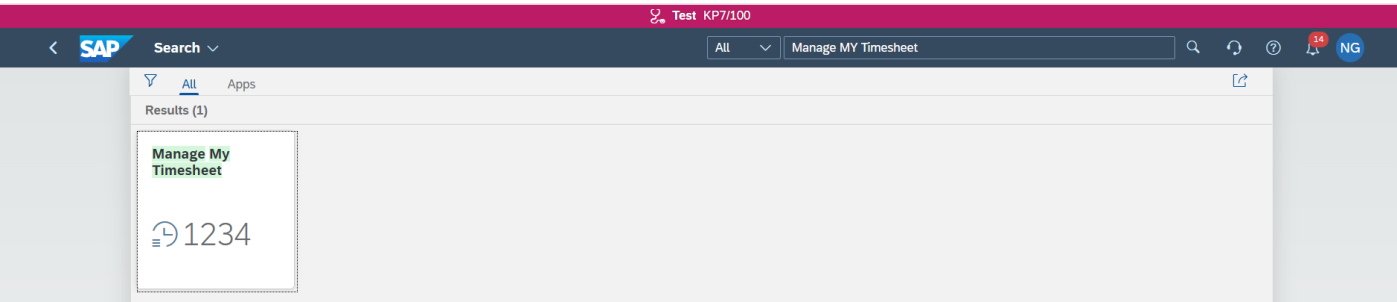

2. Business Process

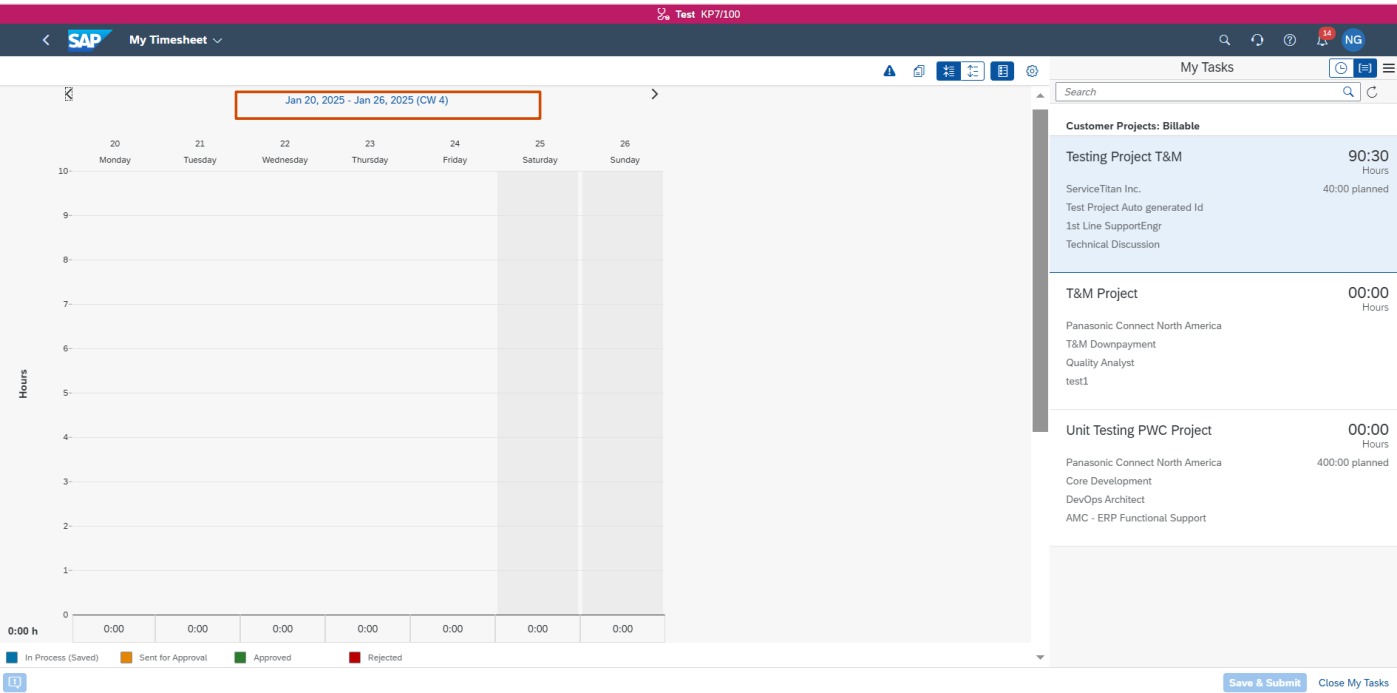

Fiori Id/Fiori App Name – F1823/Manage My Timesheet

2.1. Timesheet Submission via Manage My Timesheet App

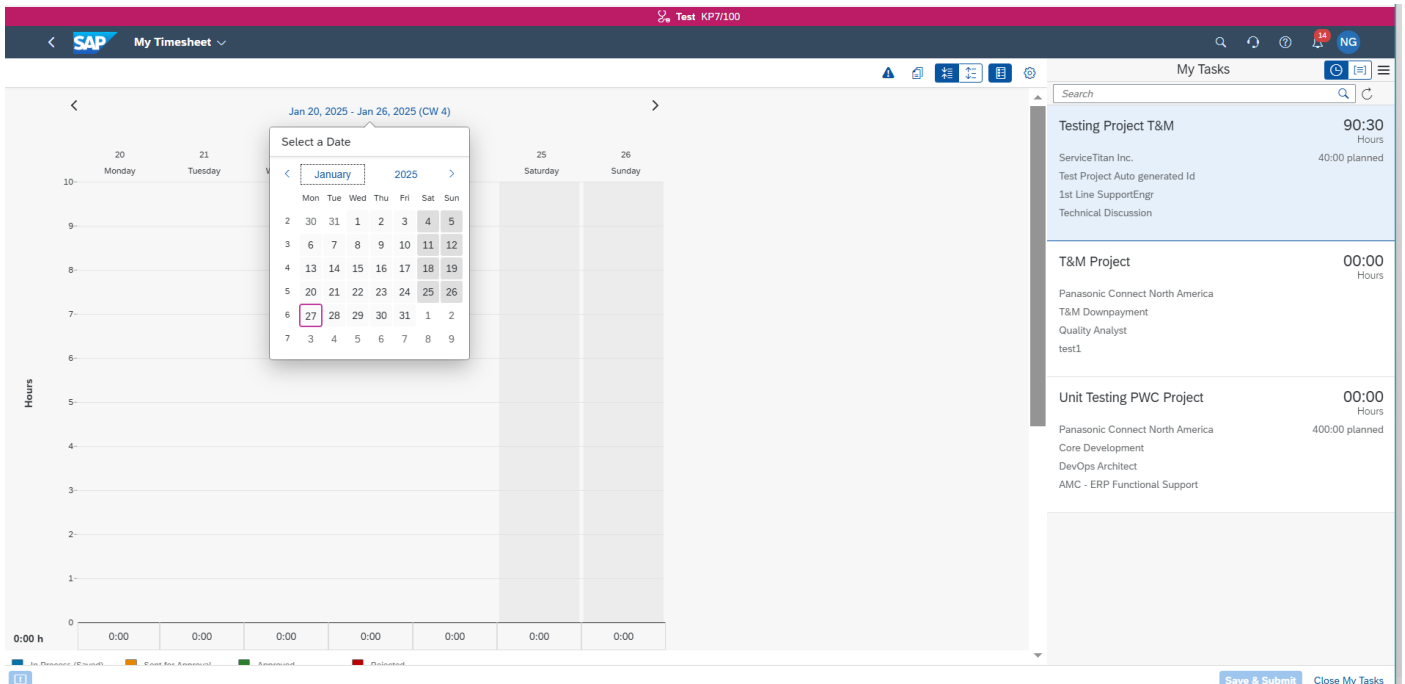

- 1. Employee will log in to SAP portal and open **Manage My Timesheet** App.

- 2. By default, the timesheet shows the current week. To record times for a different week, select the date range section.

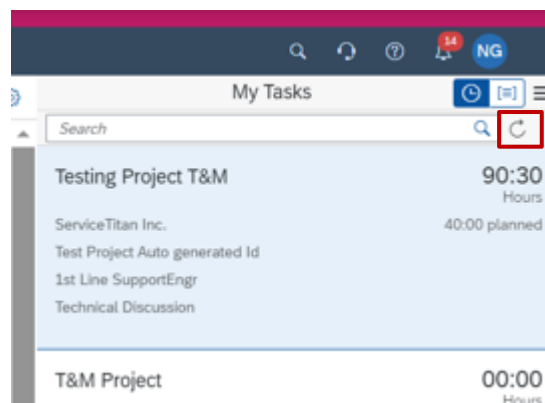

3. In the calendar entry dialog box, you can choose the week you wish to display.

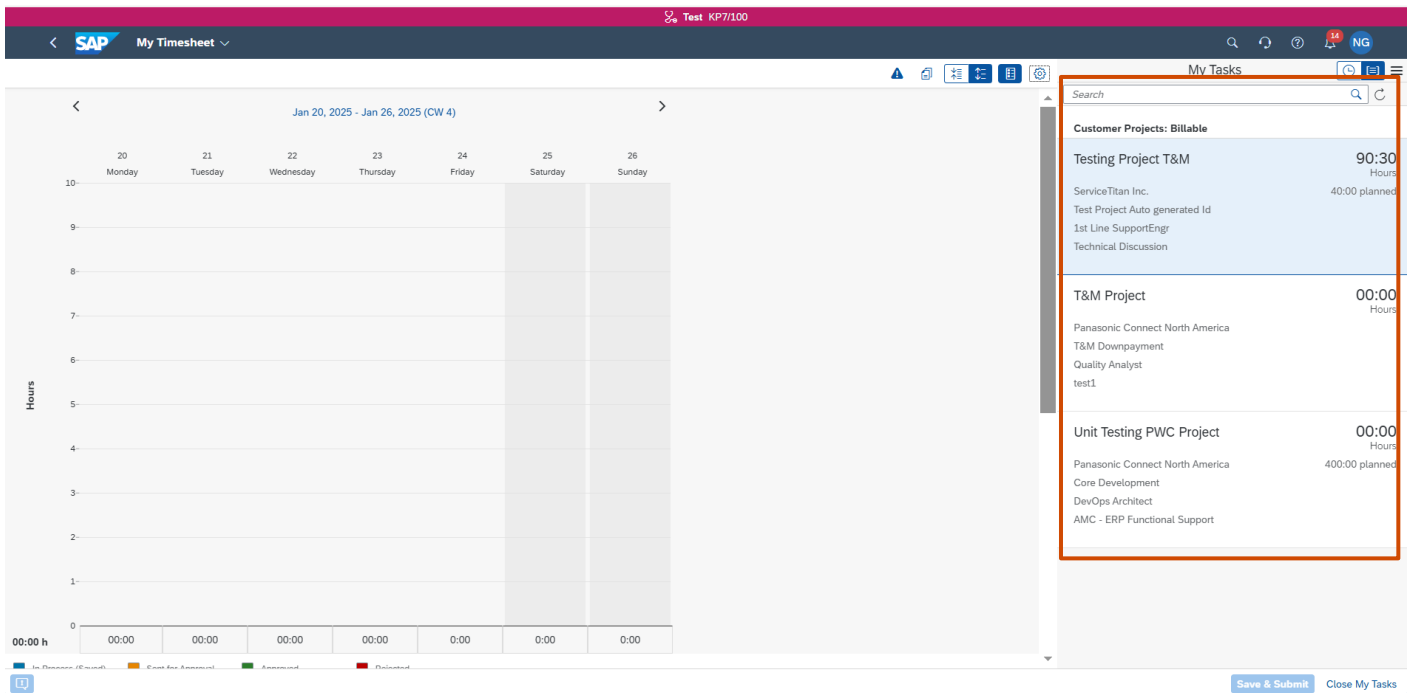

4. After selecting duration (Date or week), Go to Right side of Screen. Here you can view the tasks assigned to you.

- The tasks are labeled with the description of projects, work packages, customer, activity type (Role IDs). The hours planned & recorded for each task are also displayed.
- You can use Refresh Button to check Recorded Timesheet hours

- By default, the five most recently used tasks are shown at the top of the list.

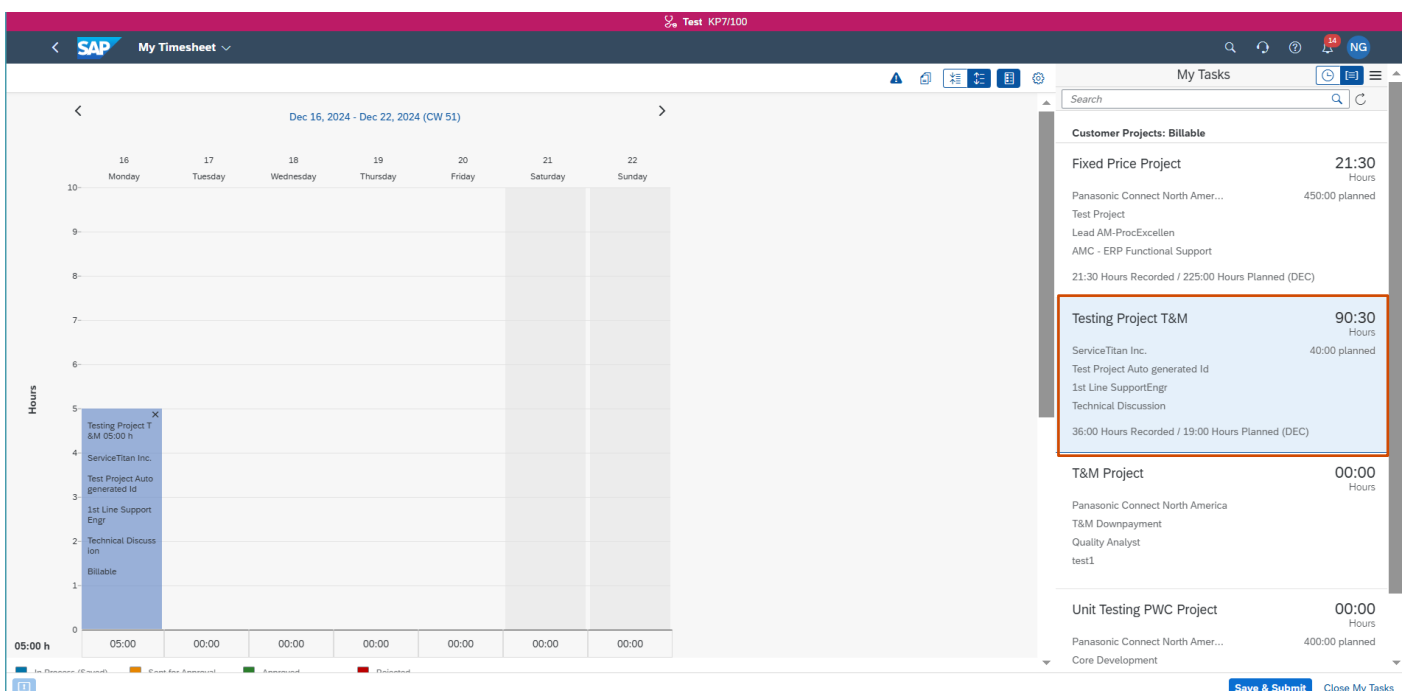

My Tasks

Task Name	Hours
Customer Projects: Billable	
Testing Project T&M	90:30 Hours
ServiceTitan Inc.	40:00 planned
Test Project Auto generated Id	
1st Line SupportEngr	
Technical Discussion	
T&M Project	00:00 Hours
Panasonic Connect North America	
T&M Downpayment	
Quality Analyst	
test1	
Unit Testing PWC Project	00:00 Hours
Panasonic Connect North America	400:00 planned
Core Development	
DevOps Architect	
AMC - ERP Functional Support	

You can search for tasks in the search field below My Tasks.

5. To record the time for a task, you choose the task and then choose the cell corresponding to the day and the number of hours that you want to record.
 - For Example, the task Testing Project T&M has been selected for Dec 16th, 2024. We will submit five hours timesheet.
 - By default, the minimum time slot is 30 minutes.

My Tasks

Task Name	Hours
Customer Projects: Billable	
Fixed Price Project	21:30 Hours
Panasonic Connect North Amer...	450:00 planned
Test Project	
Lead AM-ProcExcellen	
AMC - ERP Functional Support	
21:30 Hours Recorded / 225:00 Hours Planned (DEC)	
Testing Project T&M	90:30 Hours

Unit Testing PWC Project	00:00 Hours
Panasonic Connect North Amer...	400:00 planned
Core Development	

For entries less than 15 minutes, there is no task label or description in the time block. Multiple entries less than 15 minutes are grouped together.

6. Select Hours Bar, a new window will pop up below
 - Fill Work Package ID and Work Item (as these are mandatory to fill for timesheet submission.)
 - Save it, later click on Save & Submit Button on bottom Right corner.

The screenshot shows the SAP My Timesheet interface. The main area displays a task entry form with the following fields:

- Status: New
- Task: Testing Project T&M, ServiceTitan Inc., Test Project Auto generated Id, 1st Line SupportEngr, Technical Discussion, Billable
- Duration: 05:00
- Work Package ID: CTETENA00000453.1.1
- Work Item (WI): W005
- Approver: [Empty field]
- Work Location: [Empty field]
- Overtime Category: [Dropdown menu]
- Note: Maximum 300 Characters

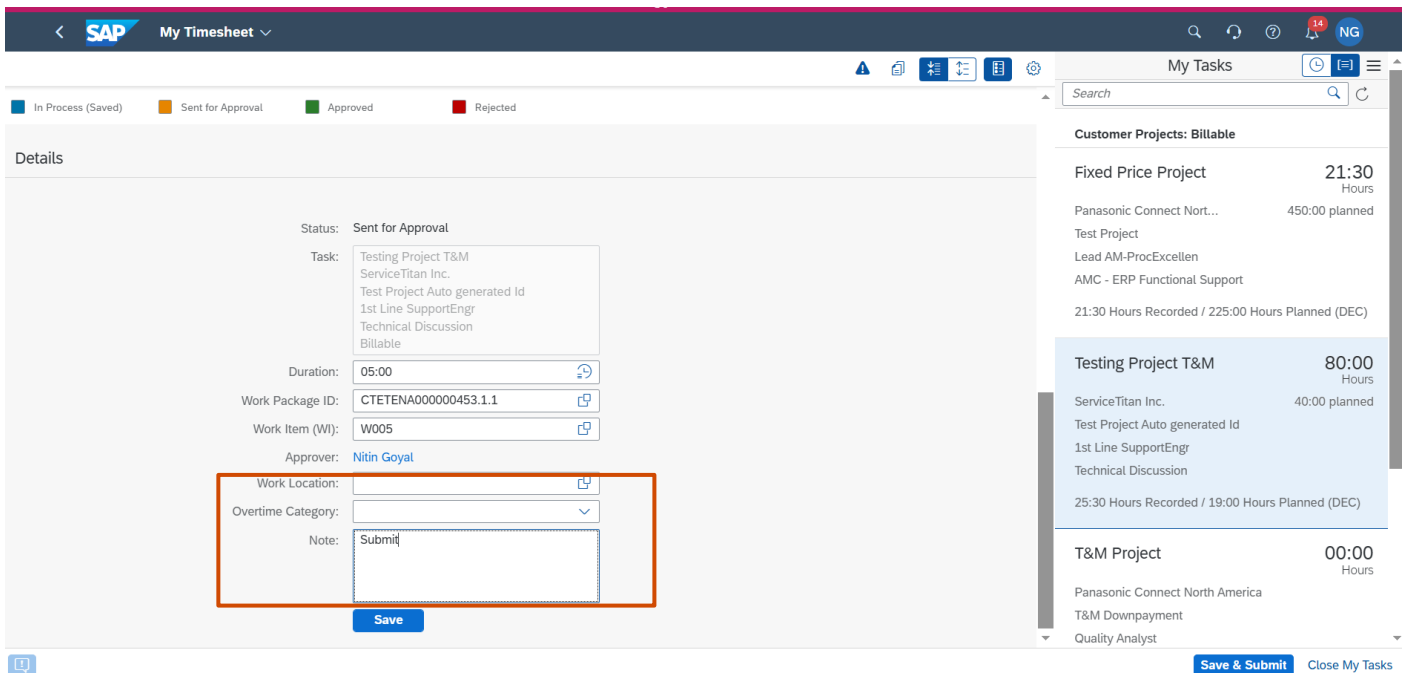

A red box highlights the Work Package ID and Work Item (WI) fields. The bottom right corner features a blue "Save" button and a "Save & Submit" button. The right sidebar shows a list of tasks with their durations and planned hours.

Hours Bar color changes to Orange means Timesheet now pending for Approval/Rejection with Project Manager.

7. You can also fill below optional fields during Timesheet submission as well
 - Work Location
 - Overtime Category
 - Timesheet Note

For example, We have filled Timesheet Note as Submit

- Press **Save & Submit** for timesheet submission.

Save & Submit Close My Tasks

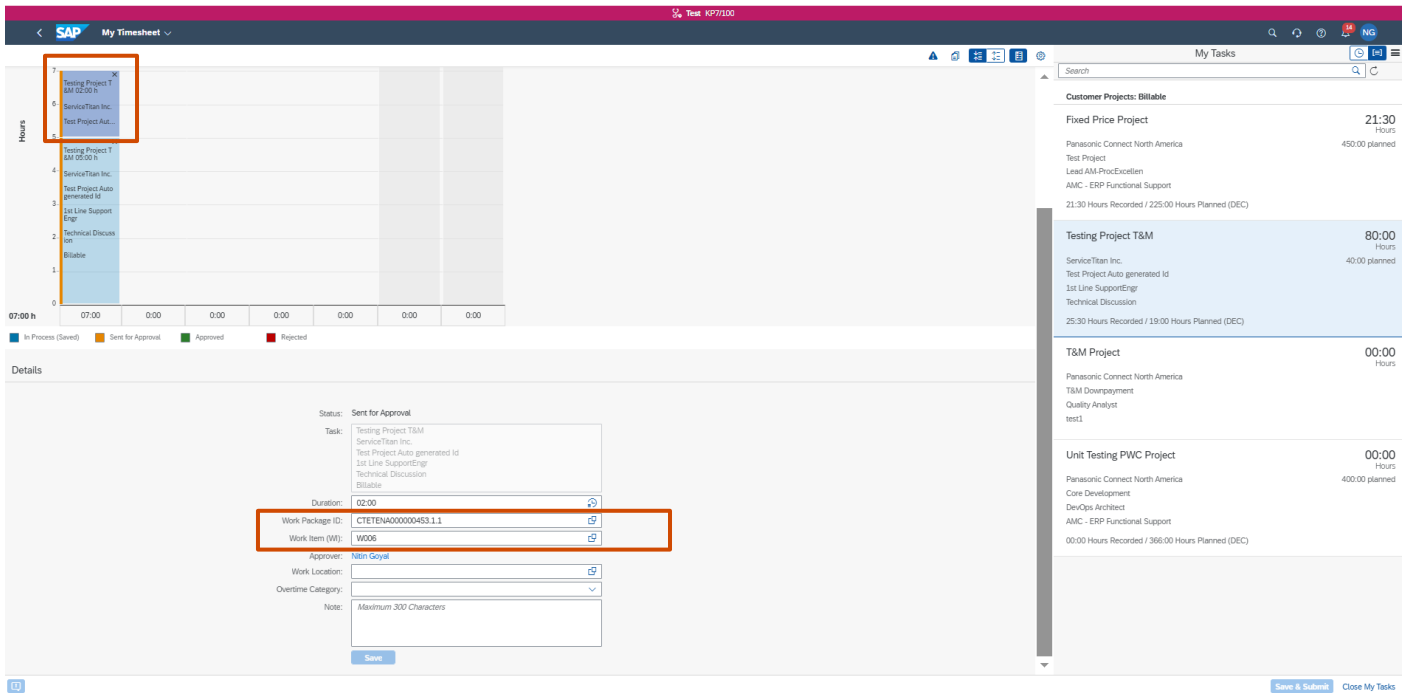

By this way, Employee successfully submitted timesheet using Manage My Timesheet App.

2.2. Timesheet Submission on Multiple Work Items on Same Project

You can create more entries of timesheet on same date with different Work Items on a project.

e.g. You want to record timesheet on same project on 16th Dec but with different work item(W006) then

- Select Week/Date (e.g. 16th Dec 2024)
- Select Project Task from Right side screen (e.g. Testing project T&M)
- Create Hour bar (2 hours --from 5 to 7)
- Select hour Bar (2 Hours Bar- from 5 to 7)
- Fill different Work Item & Work Package ID.
- Save & Submit.

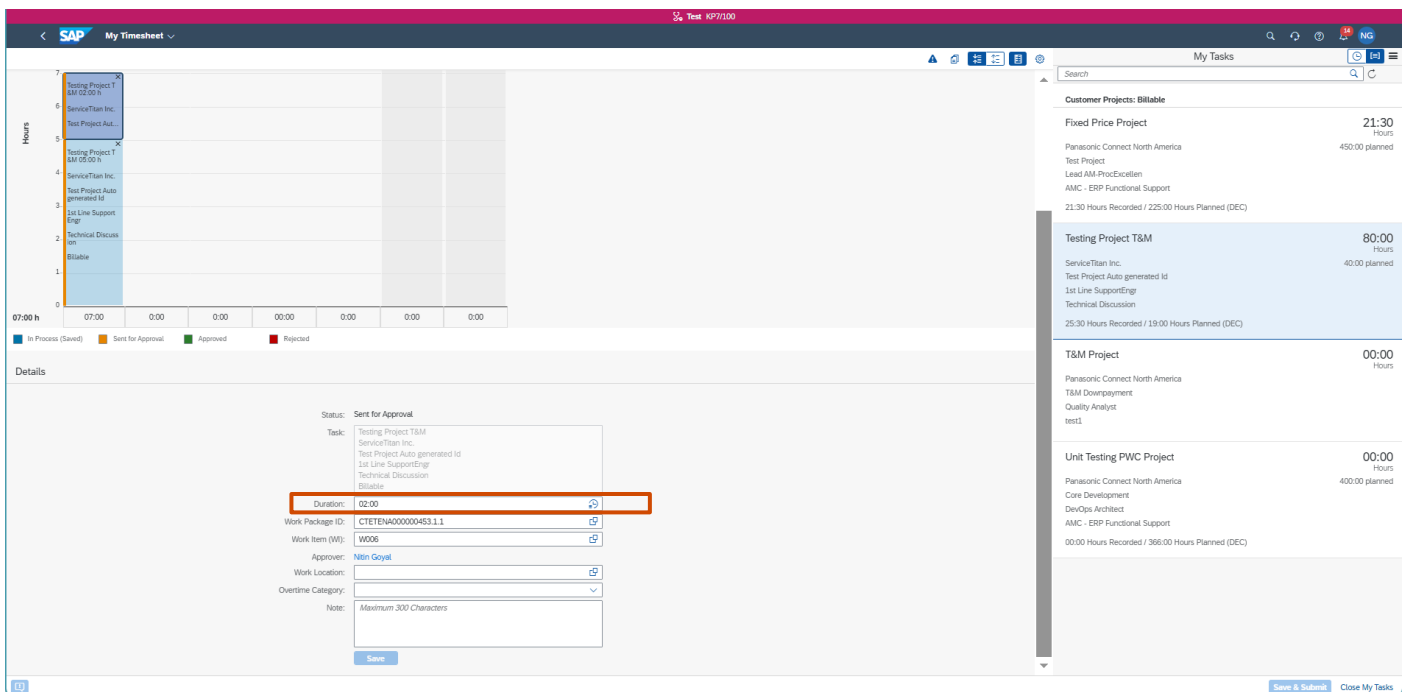

The screenshot shows the SAP My Timesheet interface. On the left, there is a grid with 'Hours' on the y-axis (0 to 7) and dates on the x-axis (07:00 to 00:00). A blue bar is visible in the 07:00 column, with a red box highlighting it. Below the grid, there is a 'Details' section with a form. The form includes fields for 'Status' (Sent for Approval), 'Task' (Testing Project T&M), 'Duration' (02:00), 'Work Package ID' (CTETEN400000453.1.1), 'Work Item (WI)' (W006), 'Approver' (Nitin Goyal), 'Work Location', 'Overtime Category', and a 'Note' field. A red box highlights the 'Duration' field. On the right, there is a 'My Tasks' sidebar with a search bar and a list of tasks, including 'Customer Projects: Billable', 'Fixed Price Project', 'Testing Project T&M', 'T&M Project', and 'Unit Testing PWC Project'.

By this way, timesheet can be submitted on different work items associated with one Work Package on a day.

2.3. Edit Submitted Timesheet Duration

You can also change number of submitted hours on any task by selecting the hours Bar

After selecting the Hours Bar. Below screen will pop up and you can adapt the duration by inserting the number of hours in the hh:mm format.

This screenshot is identical to the one above, showing the SAP My Timesheet interface. It highlights the 'Duration' field in the 'Details' section, which is currently set to '02:00'. The 'Hours' bar in the grid is also highlighted with a red box. The 'My Tasks' sidebar on the right lists various projects and their durations.

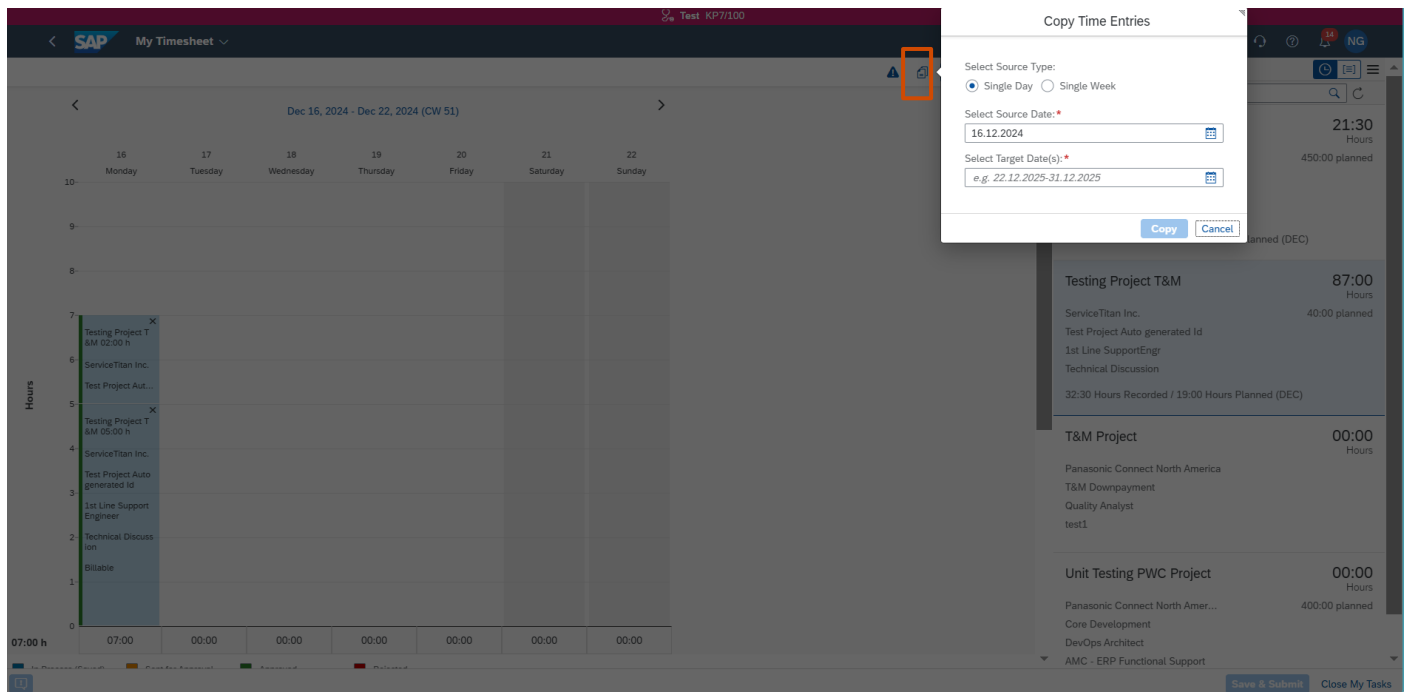

By this way, Timesheet hours can be edited.

2.4. Copy Timesheet Entries

You can Copy Timesheet Entries via Copy Time Entries Button

Source Types are available for Copying

- Single Day source
- Single Week as Source.

The screenshot displays the SAP 'My Timesheet' interface. The main area shows a calendar for the week of December 16, 2024, to December 22, 2024 (Week 51). The left sidebar lists tasks with their durations, such as 'Testing Project T &M 02:30 h' and 'ServiceTitan Inc. Test Project Auto...'. The right sidebar shows a summary of tasks, including 'Testing Project T&M' with 87:00 hours and 'Unit Testing PWC Project' with 00:00 hours. A 'Copy Time Entries' dialog box is open, allowing users to select a source type (Single Day or Single Week), a source date (16.12.2024), and a target date range (e.g., 22.12.2025-31.12.2025). The dialog includes 'Copy' and 'Cancel' buttons.

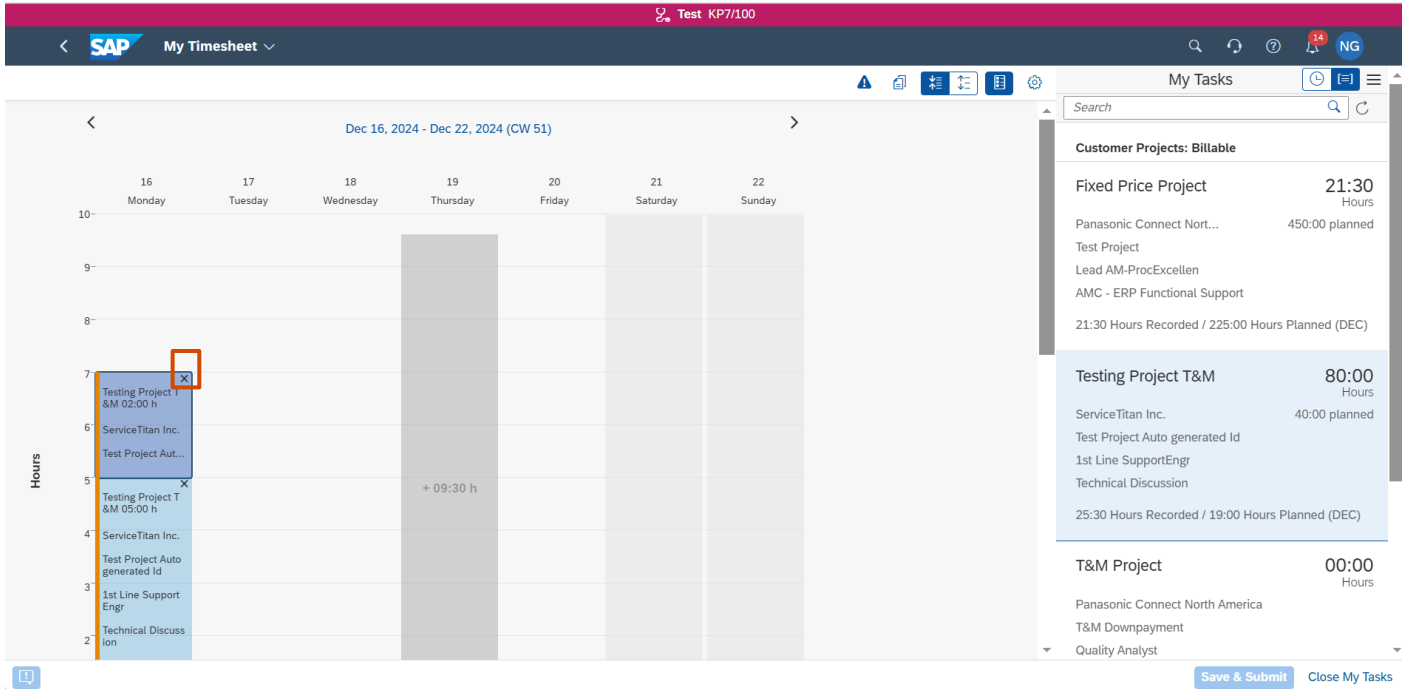

Provide duration in Source Date and in Target Date tab.

Click on Copy button. Later Go with Save & Submit button.

2.5. Deletion of Timesheet Record

To delete a time recording entry,

- Open Manage My Timesheet App
- Select Date/Week for which Timesheet need to be deleted.
- Choose the Delete icon.
- Click on Save & Submit button.

The screenshot displays the SAP 'My Timesheet' application. The main area is a calendar grid for the week of December 16, 2024, to December 22, 2024 (Week 51). A red box highlights the 'X' delete icon on a timesheet entry for 'Testing Project T &M 02:00 h' on Monday, Dec 16. The right sidebar shows project details for 'Fixed Price Project' and 'Testing Project T&M'. The 'Testing Project T&M' section shows 80:00 hours planned and 25:30 hours recorded. At the bottom right, there are buttons for 'Save & Submit' and 'Close My Tasks'.

This Way submitted Timesheet will be deleted.
